

KLEINMAIERS

Blue Serge Suits

You can't go wrong in selecting a blue serge for your summer suit, providing your suit is rightly tailored. That's it—the satisfaction is as much in the workmanship as in the material.

Every serge suit we show is of guaranteed workmanship and satisfaction. The selection is splendid—single breasted, double breasted or outing suits in either the two or three button models.

KLEINMAIERS

HEAVY LOSS

Sustained by Marion Man at Delaware Sunday.

D. W. Hinamon lost two mule teams and four sets of harness in a fire at Delaware Sunday night. Mr. Hinamon is engaged in pike work near Delaware and had his teams quartered in that city. The animals were valued at \$1,000 and were insured for that amount but because they were not in the barn specified in the insurance policy the owner cannot collect the insurance.

FITZGERALD

NOT INSANE

In Estimation of One Marion Lady

SHOULD BE REWARDED

For Attempting to Wreck One of the City Cars

Says Only a Sane Person Would Have Brains Enough to Perform Such a Heroic Act.

Mayor Scherff this morning received an unsigned letter relative to the excellent street car service during the rain storm of yesterday. The letter follows:

Marion, June 11, 1906.

MAYOR SCHERFF:

Dear Sir:—I, for one, think that Peter Fitzgerald, who is being held on the charge of insanity should not only be released but should be given a handsome reward for trying to wreck one of the city street cars. No one but a sane person would have brains enough to do such a heroic act. It is a pity that he was not out this evening so that he could have wrecked not only one but all of them. By doing so he would have prevented many persons from being half drowned.

Yours truly,—

"A person who is writing from her experience on a north bound car during the storm last night."

During the storm persons in the open cars were drenched and those who rode in the cars during the remainder of the evening were obliged to stand up on the seats to keep out of the wet.

A complaint was made to one of the company officials concerning the open cars. The official curtly replied that the company could not be expected to run summer cars during the nice weather and then at the minute the weather changed to hustle out the closed cars.

The public would not complain of the open cars in stormy weather if a few curtains were provided. Not one of the open cars has more than one or two curtains and even those will not work. The sentiment expressed by the woman in her letter is a general one.

MARION WILL MAKE EFFORT

To Secure the Proposed Hospital.

INTEREST NOW RENEWED

By Action Taken by Carl A. Albrecht.

Dayton Cash Register Company May be Induced to Locate Plant in This City.

Renewed interest in the efforts to secure the proposed state hospital for crippled and deformed children for Marion county has been aroused by action taken by Carl A. Albrecht, a former Marion boy who now makes his home in Cincinnati. Mr. Albrecht has written Governor Harris, apprising him of the excellent railway facilities and other advantages to be found in Marion, and asking that this place be considered among the desirable places for locating the institution.

Last Wednesday the governor visited sites for the proposed hospital located near Zanesville and Newark. Mr. Albrecht, in his letter to the governor, furnishes facts to show that Marion would be a more suitable place for locating the hospital than either of these places.

In his letter to the governor, Mr. Albrecht points out the fact that it was through Dr. C. E. Sawyer of Marion that the movement for establishing an institution for the care of crippled and deformed children was launched. He recalls the fact that Dr. Sawyer was not given proper recognition for his part in starting the movement, not even being named a member of the commission appointed to select a site.

Mr. Albrecht has written the Commercial club, enclosing a copy of the letter which he sent to the governor. In his letter to the Commercial club, he states that he recently attended a state meeting of the United Commercial Travellers, held at Dayton, and that while there he learned that it has been definitely decided to move the cash register factory from Dayton to Buffalo. The trouble, he writes, resulted from Dayton city council refusing to allow a side-track built a distance of about a mile and a half from the Pennsylvania railway. Mr. Albrecht suggests the Commercial club communicate with the president of the cash register company setting forth the advantages of Marion as a railway center. He thinks that the company would favorably consider Marion as a suitable place for locating the plant.

It is likely that the club will take Mr. Albrecht's advice in regard to the cash register company and that more aggressiveness will be displayed toward having the proposed state hospital located here.

For stomach troubles, biliousness and constipation, try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by all druggists.

MOTHER DESERTS HER LITTLE BABIES

Mrs. Ben Harruff Leaves Home and Family

Note Left Says She Would Never Return—No Reason Given for Her Actions.

Mrs. Benjamin Harruff, aged 21 years, of West Columbia street, last Friday deserted her husband and two little children, one of whom is a nursing babe. Early in the afternoon the mother took the children to the home of a neighbor, asking her to care for them until she returned from a shopping trip up town.

Mrs. Harruff never returned and when the husband came home from work he found the children still at the neighbors and the mother missing. Upon entering the house he found a note from his wife stating she had left home for good. No reason is known why Mrs. Harruff should leave home as her family relations are said to have been of the most pleasant nature.

Mr. Harruff, who is employed in the carpet department at the Frank's store is at a loss to account for the actions of his wife. They had been married about three years. Mrs. Harruff was a Miss Hanover, the daughter of well known residents of East Marion.

C. A. Smith, records, North Main street, 5-5-6p

THE Denman-Jenner Co. WEST CENTER STREET.

MRS. ALMA R. MYERS WAS UNCONSCIOUS

Until Death Came to Her Relief Wednesday.

Well Known Resident of Marion County Dies From Stroke of Apoplexy.

Without regaining consciousness after suffering a stroke of apoplexy at a funeral last Friday afternoon, Mrs. Alma R. Myers, wife of George Myers, died at her home six miles south of the city in Pleasant township at 1:30 o'clock Wednesday morning.

Mrs. Myers to all appearances had been enjoying the best of health. On last Friday she went with her husband to attend the funeral of Mrs. Samuel Hain. As the remains were being carried from the church Mrs. Myers was stricken with apoplexy and was taken to her home unconscious and did not rally.

The deceased was sixty four years of age. She was born in Pleasant township and with the exception of eleven years spent in this city had lived all of her life there. She was an estimable woman and her death has brought sorrow to many friends. Besides the husband two daughters by a former marriage, Miss Albertine Freeman and Minnie Myers, survive.

The funeral services will be held Friday afternoon at two o'clock at the residence, Rev. D. H. Bailey officiating. Interment will be made at Pleasant cemetery.

Railroad Notes

From all of the railroads comes the report that travel to the Jamestown exposition has been exceedingly light. Scarcely a half dozen tickets have been sold from the local depot and the prospects for an increased sale are not very bright.

A few of the railroad companies are not pushing the sale of Jamestown excursion tickets at this time but instead are discouraging those who are making arrangements to go within the next few weeks.

The Ohio Central railroad has issued a bulletin ordering the discontinuance of Jamestown excursion tickets until after June 30. In this bulletin the official states, "our reason for doing this is that the exposition is in a woeful state of incompleteness and those who attend at this time come away with a poor opinion of the big fair. In my opinion it will not be ready for visitors or rather should not be opened to visitors until after July 1."

The officials fear that the discouraging reports brought back by the few who attend the fair at this time will have a weighty influence on those who intended to go later. The excursion service from St. Louis and other western points has also been called off until July 1.

R. M. Connell, train master of the Hocking Valley, has issued a bulletin which was today posted in local offices, instructing engine crews that ash pans must not be cleaned on the main track unless absolutely necessary and then the crew must exercise great care to extinguish all live coals, to prevent possibility of damage by fire. This Hocking has had considerable trouble in this line during the past several months (and is making an effort to put a ban on it).

Fred Burnette, general agent of the Santa Fe railroad, with headquarters at Cincinnati, was looking after official business in local railroad circles this morning.

Thirty days treatment for kidney bladder troubles and rheumatism for \$1.00. Your money refunded if not satisfied. Pineulas contain no alcohol. Do not derange the stomach. Easy to take. Sold by Flocken Drug Store.

STREETS WILL BE REPAIRED

Just as Soon as the Brick Arrives.

DRIVEWAYS AND WALKS

At Lincoln and Garfield Parks to be Improved.

Board of Public Service Let the Contracts for Laying a Number of Stone Sidewalks.

At a meeting of the Service board held last night it was decided to commence repairs on the brick streets at once, let contracts for a large number of stone sidewalks and to improve the driveways and the walks at Lincoln and Garfield parks.

The Board instructed Superintendent of Streets and Sewers, George Blum to order two carloads of Townsend brick. As soon as the brick arrives the superintendent will make a number of necessary repairs on the street pavement.

A resolution to award the contract for sandstone sidewalks on Mound street, John street, Wilson avenue and Cumlin avenue to H. W. Mann, was adopted. On the first three named streets Fulton stone will be laid at a cost of fifteen and one half cents and on Cumlin avenue, Berea stone will be laid at sixteen cents. The contractor's bond was placed at \$1,500 and will be required to complete the work by August 15.

J. P. Uncapher was awarded \$40 for setting trees and grading the streets in Jones and Wilson's addition to the city.

The board appointed William Beer-bower, inspector of the South Prospect street sewer at \$2 per day, E. B. Priest was appointed inspector of the Grand avenue sewer at \$2 per day. The clerk was instructed to request council at its next meeting to pass resolutions for sidewalks on the West side of Niles street between Silver street and Kenton avenue and on the south side of Tully street between Prospect and St. Mary's street.

Bids will be received by the clerk up to 12 o'clock m. June 25 for 800 cubic yards of screening of the first class to be delivered and distributed at Lincoln park an 200 yards of screenings for Garfield park. The delivery must be guaranteed by September 1. The screenings will be used to improve the walks and driveways at the parks.

Only the regular business came up at the Health board meeting which followed.

BIGLOW IS HERE

Arranging for an Address and Mass Meeting.

Rev. Herbert Bigelow of Cincinnati, formerly candidate for secretary of state, was in Marion, Tuesday, trying to arrange for a meeting of citizens on the question of initiative and referendum, which will be before the state legislature at its next session.

Rev. Mr. Bigelow saw a number of the business men and wanted the Commercial club to call a mass meeting. It is likely that action will be taken at a mass meeting of the club directors, to be held soon.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines gave splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by all druggists.

LESS THAN 20,000

Stark Company Count Gives Marion 18,863 Residents.

According to the count made by the Stark Directory Company, of Canton, there are 18,863 persons living in the city of Marion. The census takers state that with the number of persons who make their homes here only part of the time and with transients the city will probably number about 20,000 persons.

The company has finished soliciting for its new directory and will issue the book within a few weeks.

Chamberlain's Pain Balm

It is an anesthetic liniment and prevents blood poisoning resulting from a cut, bruise or burn. It also causes the parts to heal without maturation and in much less time than when the usual treatment is employed. It allays the pain of a burn almost instantly.
